Dispensing Innovative Agricultural Solutions

Founded in 1956, DEMA's roots are deeply entrenched in fluid control products. It all started with a customer's request to easily and accurately mix chemical with water over 60 years ago. We've grown a bit since then, our line of products now touch uniquely different markets such as commercial laundry, food and beverage processing, housekeeping, car wash and many others. You can find DEMA products across the globe and on all seven continents. We're experts in mixing and moving fluids from point A to point B, precisely, each and every time.

We have a wide variety of agricultural products to fit your application from field fertigation, dairy sanitization, chemical transfer, water treatment, to clean-in-place systems.

Let us know how we can help. Contact us today.
