

# Non-Plugging Emitter

- Heavy duty
- Clog Resistant
- Flow will vary with pressure changes
- 15-30 PSI range (pounds per square inch)
- Low cost

Non-Plugging emitters are available in: 1 GPH (DNS1)

Use Non-Plugging emitter to water trees and landscapes.

## Flow vs. Pressure

Flow is the output of water measured in GPH (gallons per hour) or GPM (gallons per minute) and pressure is the force behind the flow measured in PSI (pounds per square inch).
